

Through its Economic Development program, Cambridge offers **DOWN PAYMENT ASSISTANCE** for people who want to build new homes or buy existing ones and stay in the community.

DOWN PAYMENT ASSISTANCE

Cambridge Economic Development is investing in its people and community through its 0%- to 2%-interest down-payment assistance loans. While rental units are vital to a community, home ownership builds personal pride, while helping to grow financial assets. Home ownership has been linked to greater participation in political and civic affairs, better maintenance of neighborhoods, and lower crime rates. One study estimated that for every 100 renter families that become homeowners, \$5.9 million dollars and 67 jobs are generated for the local economy over a 10-year period.
